Advanced Certificate in Systemic Family Therapy & Practice

Why Study Advanced Training with Phoenix Family Therapy Academy?

Are you passionate about providing a high-quality holistic and individualized service, and maintaining sustainability and maneuverability in your practice?

Would you like to develop your knowledge and skills to support individuals, couples, families, stakeholder groups, teams and organizations reach their goals and fulfill their potential with contemporary Systemic Family Therapy practice?

- Learn to “think systemically” by engaging with the foundations of systemic thinking & practice.
- Focus on contemporary practice including integrative systemic family therapy & understandings of neurobiology & trauma.
- Extend your knowledge and add to your skillset for a variety of clients & situations.
- Access and collect exceptional quality resources as you move through the program.
- Engage in an adult learning experience designed to enhance engagement and learning with practical, experiential learning opportunities making theory to practice links easily understandable & applicable.
- An adult learning journey that supports the development of comfort, confidence, & competence in systemic work and intentional practice.
- Become part of a community of professionals interested in systemic family therapy & practice.
- Increase effectiveness, intentionality, flexibility and maneuverability by learning how to take a multi-positioned approach to meet the needs of your clients.
- Consideration of your unique personal situation with a work-study-life balance with a combination of on-line & in-person components, & support throughout the program.
- A connected, supported experience of developing systemic thinking and practice.
- Accredited training with the Australian Association of Family Therapy.

The Phoenix Family Therapy Academy Mission:

Provision of exceptional quality resources and training in Systemic Family Therapy and Practice that acknowledges and draws on the roots of systemic thinking and classic Family Therapy approaches while also bringing a focus on contemporary practice including integrative family therapy practice and understandings of neurobiology and trauma.

Dr Leonie White: Phoenix Family Therapy Academy Director

This 2 year program commences July 2025
